

150th Commemorative Name Pavers Round 2

Expression of interest

Dear Parents and Carers

As you may already know, 2019 marked our 150th anniversary and the P&C decided that some personalised pavers would be a beautiful addition to decorate our school as well as to serve as a lasting memory. A number of enquiries have been made about ordering a paver and so we are seeking expressions of interest before offering a second round of brick pavers. It makes for a fantastic reminder of your time at Bulli Public School!

Signature Engraving is an Australian owned and run business that has been successfully paving legacies in schools, hospitals, community organisations, sports clubs, councils, service clubs, churches and buildings for 20 years. Operating from North Melbourne, their pavers use only the highest quality materials, are ethically and environmentally sound, and they look spectacular!

A commemorative name paver (23cm x 11.5cm), stamped with your children's and family's name and dates they attended the school (if desired), (up to 3 lines) can be permanently engraved into a brick paver and cemented in the school's history.

For this 2nd round of orders to go ahead, we require approximately 50 to express an interest. This number will enable pavers to be available for purchase at \$20 each. You may order as many as you wish.

Please return completed EOI forms to your child's teacher by Friday 30th October.

Once all EOIs have been collected, those expressing an interest will be sent home an order form which has space for the names, dates etc you would like on your paver as well as payment details.

If you have any questions, please contact Katrice Chanhsamone on 0405 276036.

Thank you for your support,

Bulli Public School P & C Association

Commemorative Name Pavers Round 2

Child's name _____ Class _____

Yes please. I would like an order form.

No thanks. I have already ordered / I am not interested.
